

OcularProtect: Support for Vision and a Healthy Life

OcularProtect is a robust multinutrient with eye-specific ingredients designed to support visual and whole body health.

Suggested Use: Take a total of four capsules daily, with meals.

Note: Pregnant or lactating women or individuals with medical conditions should consult a physician before using. Keep out of the reach of children.

Supplement Facts

Serving Size 4 capsules

Servings Per Container 30

	Amount Per Serving	% Daily Value
Vitamin A [40% (2,000 IU) from retinyl palmitate, 45% (2,250 IU) from beta-carotene and 15% (750 IU) from mixed carotenoids]	5,000 IU	100%
Vitamin C (as ascorbic acid)	400 mg	667%
Vitamin D (as cholecalciferol)	900 IU	225%
Vitamin E (from d-alpha tocopheryl succinate and mixed tocopherols)	200 IU	667%
Thiamin (vitamin B1 from thiamine hydrochloride)	9 mg	600%
Riboflavin (vitamin B2)	10 mg	588%
Niacin (from niacinamide)	20 mg	100%
Vitamin B6 (from pyridoxine hydrochloride)	20 mg	1,000%
Folate (50% from folic acid, 50% from calcium folinate)	400 mcg	100%
Vitamin B12 (as cyanocobalamin)	100 mcg	1,667%
Biotin	200 mcg	67%
Pantothenic Acid (from calcium pantothenate)	25 mg	250%
Calcium (98% from calcium carbonate, 2% from calcium pantothenate)	100 mg	10%
Iodine (from potassium iodide)	150 mcg	100%
Magnesium (from magnesium oxide)	100 mg	25%
Zinc (from zinc monomethionine)	25 mg	167%
Selenium (50% from selenomethionine, 50% from sodium selenate)	100 mcg	143%
Copper (from copper sebacate)	2.5 mg	125%
Manganese (from manganese amino acid chelate)	5 mg	250%
Chromium (from chromium polynicotinate)	200 mcg	167%
Molybdenum (from molybdenum aspartate)	75 mcg	100%
Taurine	200 mg	†
Lemon Bioflavonoids (50% hesperidin complex)	175 mg	†
Acetylcysteine (N-acetyl-L-cysteine) (NAC)	150 mg	†
Broccoli Sprout Extract (2% sulforaphane)	75 mg	†
Green Tea Leaf Extract (65% epigallocatechin gallate)	50 mg	†
Quercetin	50 mg	†
Ginkgo Leaf Extract (24% ginkgo flavone glycosides)	40 mg	†
Grape (<i>Vitis vinifera</i>) Seed Extract (95% proanthocyanidins)	30 mg	†
Turmeric (95% curcuminoids)	25 mg	†
Alpha Lipoic Acid	20 mg	†
OptiBerry® Proprietary Blend** (blueberry, strawberry, cranberry, bilberry, elderberry and raspberry)	20 mg	†
Bilberry Fruit Extract (25% anthocyanidins)	15 mg	†
Pomegranate Fruit Extract (40% punicalagins)	15 mg	†
Lutein (FloraGLO®)	7 mg	†
Trans-Resveratrol	2.5 mg	†
Boron (from protein hydrolysate)	2 mg	†
Lycopene	2 mg	†
Zeaxanthin	1 mg	†
Vanadium (from vanadium amino acid chelate)	20 mcg	†
Carotenoids Proprietary Blend (alpha-carotene, gamma-carotene and cryptoxanthin)	17 mcg	†

† Daily Value not established.

Other Ingredients: Gelatin, Water, Rice Flour, Magnesium Stearate and Silica.

About OcularProtect

- ▶ Robust multinutrient featuring optimal levels of over 40 key nutrients to protect eyes and the whole body
- ▶ Includes a powerful combination of antioxidants, including 7 mg of FloraGLO® lutein, protective flavonoids and a team of potent cell-protecting nutrients
- ▶ Based on the latest scientific research
- ▶ Formulated by doctors and nutritional scientists
- ▶ Manufactured in NSF-certified facilities from the finest quality, bioavailable ingredients
- ▶ 30 day money-back guarantee

OcularProtect is available from eyecare practitioners or directly from ScienceBased Health.

OcularProtect

WHOLE BODY FORMULA

*Premium multinutrient
to protect eyes & body*

Comprehensive Support for Visual and Whole Body Health

OcularProtect is a robust, scientifically-based multinutrient designed to support visual and whole body health. This comprehensive formula of over 40 essential vitamins, minerals and other key nutrients features a balanced combination of antioxidants, including: vitamins C and E, flavonoids, 7 mg of FloraGLO® lutein, and 1 mg zeaxanthin. OcularProtect is made from premium ingredients that are encapsulated in powder form for maximum bioavailability.

Nutrition and Your Health

Most experts now recommend a daily multivitamin for all adults. While proper supplementation can help maintain good health, choosing the right one can be challenging. OcularProtect is a premium quality, doctor-recommended supplement that provides the nutrients your body needs to perform at its best.

Powerful Combination of Antioxidants

Free radicals are created during the daily process of converting food to energy, by pollutants in the air we breathe and by ultraviolet rays in the light around us. In fact, cumulative photo-oxidative damage is believed to play a role in clouding the lens of the eye and damaging the macula,

which is located in the center of the retina. OcularProtect provides a formidable team of free-radical fighting antioxidants: Vitamins C, E and lipoic acid to neutralize free radicals, as well as copper, zinc and selenium to help enzymes deactivate them. It delivers a broad spectrum of natural source vitamin E, from alpha to gamma, that work to help keep cells healthy.

Important Cell-Protecting Nutrients

Research indicates that plant compounds with antioxidant activity contribute to the health benefits of eating five or more fruit and vegetable servings daily. Nutrients with cell-protecting properties from grape seeds, bilberry, citrus, Ginkgo biloba, green tea, broccoli, pomegranate and a unique berry blend add strength to the OcularProtect team. OcularProtect also features trans-resveratrol, a heart-healthy component of red wine.

Substantial Amounts of Key Carotenoids

OcularProtect supplies meaningful levels of five key carotenoids with potent antioxidant activity: alpha and beta-carotene, lycopene, lutein and zeaxanthin. The "carotenes" serve as antioxidants, or a source of vitamin A when the body requires more. Greater intake of lycopene – found in tomatoes and watermelon

– has been linked to a better chance of retaining prostate health. Emerging evidence also suggests that the carotenoids contribute to normal skin and cardiovascular health.

Plentiful in green leafy vegetables, lutein and zeaxanthin are concentrated in the lens and macula of the eye. Along with vitamins A, C and E, lutein and zeaxanthin are among the few nutrients found in the lens. In the macula, these two yellow pigments work to filter out blue light, which is believed to cause photo-oxidative damage.

Population health studies suggest that consuming a diet rich in lutein and zeaxanthin helps protect our vision as we grow older. OcularProtect makes a significant contribution to your daily intake of lutein and zeaxanthin: the amount found in about two servings of spinach.
