

ScienceBased Health Welcomes New Members to Its Ophthalmology Clinical Advisory Panel

Ophthalmic Thought Leaders Will Strengthen the Company's Efforts to Educate the Ophthalmic Community About the Role of Nutrition in Eye Care

Houston, TX – April 22, 2025 – ScienceBased Health® (SBH), a leading provider of premium evidence-based nutraceuticals for eye health, announces the addition of Nicole Fram, MD, Jennifer Loh, MD and Gary Wörtz, MD to its Ophthalmology Clinical Advisory Panel.

For almost 30 years, SBH has been committed to helping eye care practitioners enhance their level of patient care through product innovation, leadership, education and support. The company's products are distributed and recommended by thousands of optometrists and ophthalmologists nationwide.

"We're honored to welcome these esteemed ophthalmology leaders to our Clinical Advisory Panel," said Alain Magro, president and Chief Executive Officer of ScienceBased Health. "Their clinical experience and commitment to advancing patient care will be instrumental as we continue to expand awareness about the critical role of nutrition in preserving and protecting eye health."

Dr. Nicole Fram is a managing partner at Advanced Vision Care in Los Angeles, CA. She specializes in refractive and complex cataract surgery, refractive surgery, anterior segment reconstruction, and corneal disease. A nationally recognized educator and thought leader, she serves as adjunct associate professor at the University of Utah, as Secretary on the ASCRS Executive Committee, and Cataract Consultation Section editor for the *Journal of Cataract and Refractive Surgery*, with numerous peer-reviewed publications and global speaking engagements. She was recently recognized by *The Ophthalmologist* in their Top 10 Power List 2025 in Cataract and Refractive Surgery.

Dr. Jennifer Loh specializes in cataract-refractive surgery and dry eye disease, and is the founder of Loh Ophthalmology Associates in Miami, FL. A nationally recognized speaker, author and leader, she has received numerous honors including in *Newsweek's* America's Best Eye Doctors (2022, 2023). Dr. Loh is a Past President of the Cedars-Aspens group representing top

anterior segment key opinion leaders, the immediate Past President of the Miami Ophthalmology Society and currently serves as Editor-in-Chief of *Touch Ophthalmology*.

Dr. Gary Wörtz is one of the busiest cataract and refractive surgeons in the US. Practicing at Commonwealth Eye Surgery in Lexington, KY, Dr. Wörtz has been recognized on *The Ophthalmologist* Power List Top 100 and OSN's Premier Surgeon 300. He is the founder of Omega Ophthalmics, co-founder of Arcuate Innovations, holds 80 patents, and continues to shape the future of ophthalmology as an educator, FDA trial investigator, and host of the *Ophthalmology Off the Grid* podcast.

Drs. Fram, Loh and Wörtz join SBH's Ophthalmology Clinical Advisory Panel members: Kendall E. Donaldson, MD, MS, Preeya K. Gupta, MD, Cathleen McCabe, MD, Laura M. Periman, MD, and George O. Waring IV, MD, FACS.

The Ophthalmology Clinical Advisory Panel complements the work of SBH's Optometry Clinical Advisory Panel.

About ScienceBased Health

ScienceBased Health®, a privately held company founded in 1997, develops and markets evidence-based nutraceuticals for eye health. The Company's formulations include: HydroEye®, a clinically tested, patented oral formulation for dry eyes; MacularProtect Complete®, a powerful formulation to preserve macular and whole body health, based on the AREDS clinical trials and other advanced research; OcularProtect®, a comprehensive multinutrient for eyes and overall body health; Optic Nerve Formula®, a clinically tested, powerful formulation to protect optic nerve health; DiaVis®, a specialized formulation to support retinal circulation; OmegaAdvance®, a premium quality omega-3 supplement; and other high quality products. The formulations are based on the latest science, made from premium ingredients and manufactured according to highest quality standards in US facilities that are NSF® certified as meeting the FDA's current Good Manufacturing Practices.
