

ScienceBased Health Announces Expansion of its Optometry Clinical Advisory Panel

Addition of Optometric Thought Leaders Will Strengthen the Company's Efforts to Educate About the Role of Nutrition in Eye Care

Houston, TX – November 10, 2020 – ScienceBased Health® (SBH), a leading provider of premium evidence-based nutraceuticals for eye health, announces the addition of Tracy Doll, OD, FAAO; Scott Hauswirth, OD, FAAO; and Justin Schweitzer, OD, FAAO, to its Clinical Advisory Panel.

For more than 20 years, SBH has been committed to helping eye care practitioners enhance their level of patient care through product innovation, leadership, education and support. The company's products are distributed and recommended by thousands of optometrists and ophthalmologists nationwide.

"We're honored to welcome these distinguished practitioners to our Clinical Advisory Panel," said Alain Magro, President and CEO of ScienceBased Health. "They each bring a unique perspective and expertise to our team and we look forward to collaborating with them."

Tracy Doll, OD, FAAO, is an assistant professor at Pacific University College of Optometry, where she teaches courses in the field of ocular surface disease and procedures. In addition, she established and coordinates Pacific Dry Eye Solutions, an ocular surface dryness center of excellence at PUCO.

Scott Hauswirth, OD, FAAO is an Assistant Professor of Ophthalmology at the University of Colorado School of Medicine, where he is coordinating Director of the Ocular Surface Clinic. He is an avid researcher and lecturer, is a member of the editorial board of five publications including the *Journal of Dry Eye Disease*, and has authored numerous journal articles, publications, and texts.
